Part III DETAILED ACTION

1. Claims 2-5 and 9-10 are pending.

**Claim Rejections - 35 USC § 102**

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. § 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 9 is rejected under 35 U.S.C. § 102(b) or (a) as being anticipated by Kim et al. (U).

Kim et al., teaches a method of screeninfg a compound, tetracycline or cylcohexamide, wherein said compound decreases the amount of the 20 kDA PS2-CTF fragment in a cell and compares it to a control.

The prior art teachings anticipate the claimed invention. It is noted that the rejection is a 102(a) or (b) since the exact date the abstract book was made pubicly available has yet to be determined. When the date is made available, it will be communicated to Applicant.
